

Rocking Chick

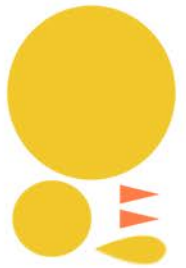

YOU WILL NEED:

Coloured card
Wiggly eyes
Feathers
PVA Glue
Scissors

Step 1

Cut out a circle from yellow card for the body, you can draw around a small plate to help you. Cut out a smaller circle for the head and a tear drop or a semi circle for the wing depending on how adventurous you are feeling with the scissors. Using orange card cut out two small triangles for the beak.

Step 2

Fold the large circle in half to form the body. This will give you the rocking movement. Then glue the wing, head and beak in place.

Step 3

On the opposite end to the head stick some fluffy tail feathers onto the body, you can hide the end of these inside the chick.

Step 4

Now add on a wiggly eye and your chick is complete!
